

TechTalk Series

Please join us at booth 1-974

TUESDAY, MARCH 25, 2025

TIME	TOPICS	PRESENTER
10:00	Revolutionizing industrial metal cleaning: UniClean A101/B201	Frederik Heß
11:00	Corrosion resistant and conductive: EV fasteners	Dennis Stritter
12:00	Next generation zinc nickel plating: CMA Closed Loop System	Uwe Knebel
13:00	Combining sustainability with cost effectiveness: Auxiliary equipment for corrosion resistant plating	Pasquale Cozzolino
14:00	PFAS ban – Challenges and solutions for zinc flake coatings and the entire supply chain	Tomislav Marić

WEDNESDAY, MARCH 26, 2025

TIME	TOPICS	PRESENTER
10:00	Navigating ways to reduce carbon footprint in corrosion protection solutions	Bernd Frank
11:00	Next generation zinc nickel plating: CMA Closed Loop System	Uwe Knebel
12:00	Corrosion resistant and conductive: EV fasteners	Dennis Stritter
13:00	Combining sustainability with cost effectiveness: Auxiliary equipment for corrosion resistant plating	Pasquale Cozzolino
14:00	PFAS ban – Challenges and solutions for zinc flake coatings and the entire supply chain	Tomislav Marić
15:00	Revolutionizing industrial metal cleaning: UniClean A101/B201	Frederik Heß

THURSDAY, MARCH 27, 2025

TIME	TOPICS	PRESENTER
10:00	Combining sustainability with cost effectiveness: Auxiliary equipment for corrosion resistant plating	Pasquale Cozzolino
11:00	Corrosion resistant and conductive: EV fasteners	Dennis Stritter
12:00	Revolutionizing industrial metal cleaning: UniClean A101/B201	Frederik Heß
13:00	Next generation zinc nickel plating: CMA Closed Loop System	Uwe Knebel
